

2B/BA/HL Surface 300 Series Anti Bacterial Stainless Steel Strip Coil In Building Materials

Our Product Introduction

more products please visit us on stainless-steel-sheetcoil.com

Basic Information

- Place of Origin: China
- Brand Name: Tai-steel
- Certification: ISO-9001
- Minimum Order Quantity: 1 ton
- Price: 1550
- Delivery Time: about 15 days
- Payment Terms: TT payment

Product Specification

- Coating: Z30-Z40
- Standard: ASTM, DIN, AISI, JIS, GB
- Surface Finish: 2B/ BA/ HAIRLINE/ 8K/ NO.4/ No.1
- Surface: 2B,HL,8K,ect
- Tolerance: $\pm 1\%$
- Function: Antibacterial
- Length: Custom
- Hardness: Full Hard
- Highlight: **BA Stainless Steel Strip Coil,**
HL Surface Stainless Steel Strip Coil,
2B Stainless Steel Strip Coil

Product Description

Product Description:

Our Stainless Steel Antibacterial product is coated with an Antibacterial Powder Coating, providing an extra layer of protection against harmful bacteria. This coating has been tested and certified to kill up to 99% of bacteria on contact, making it an ideal choice for environments that require a high level of cleanliness and hygiene.

Our Stainless Steel Antibacterial product is available in both Flat Plate and Plate shapes, making it versatile and suitable for a range of applications. It is also available in a range of standard sizes and thicknesses, with a tolerance of $\pm 1\%$, ensuring that you can find the perfect fit for your needs.

We offer a range of price terms to suit your needs, including CIF, CFR, FOB, and EX-WORK, making it easy to order and receive our products no matter where you are located.

Our Stainless Steel Antibacterial product meets a range of international standards, including ASTM, DIN, AISI, JIS, and GB, ensuring that you can rely on its quality and performance.

Overall, our Stainless Steel Antibacterial product is an excellent choice for anyone looking for a durable, hygienic, and versatile solution for their home or business. With its Antibacterial Powder Coating and high-quality Austenitic Stainless Steel construction, you can be sure that our product will provide you with the protection and performance that you need.

Technical Parameters:

| Technical Parameter | Description |
|---------------------|--|
| Length | Custom |
| Shape | Flat Plate, Plate |
| Tolerance | $\pm 1\%$ |
| Hygiene | Easy To Clean |
| Standard | ASTM, DIN, AISI, JIS, GB |
| Eco-Friendly | Yes |
| Coating | Z30-Z40 |
| Surface | 2B, HL, 8K, etc. |
| Type | Cookware |
| Surface Finish | 2B/ BA/ HAIRLINE/ 8K/ NO.4/ No.1 |
| Additional Features | Anti Rust And Anti Corrosion Additives, Anti Corrosion Steel Pipe, Anti Corrosion Steel Pipe |

Applications:

Tai-steel's Stainless Steel Antibacterial product is a versatile material that has a variety of applications. Here are some product application occasions and scenarios:

Decorative Stainless Steel:

Stainless steel's clean and modern look makes it ideal for decorative purposes. Tai-steel's Stainless Steel Antibacterial product can be used for interior and exterior decoration, such as wall panels, elevator panels, and decorative screens. With a variety of surface finishes available, including 2B, HL, and 8K, it can be customized to fit any design aesthetic.

Hospital Stainless Steel Furniture:

Stainless steel is a popular material for hospital furniture due to its antibacterial properties, durability, and ease of cleaning. Tai-steel's Stainless Steel Antibacterial product can be used to make hospital beds, cabinets, and other furniture. It is also anti-corrosive, which makes it ideal for use in a hospital environment where there is exposure to chemicals and other harsh substances.

Anti Corrosion Steel Pipe:

Tai-steel's Stainless Steel Antibacterial product can also be used for anti-corrosion steel pipes. The material's resistance to corrosion makes it ideal for use in harsh environments, such as chemical plants and offshore oil rigs.

With ISO-9001 certification and a minimum order quantity of 1 ton, Tai-steel's Stainless Steel Antibacterial product is a reliable and high-quality choice. The price for this product is \$1550, with delivery time taking about 15 days. Payment terms are TT payment, and the price term is CIF CFR FOB EX-WORK. The cleaning is easy and the function is antibacterial, making it a great choice for a variety of applications.

Support and Services:

Our Stainless Steel Antibacterial product is designed to provide a high level of protection against bacteria growth. This product has been treated with a special coating that inhibits the growth of bacteria on the surface of the steel. In addition to its antibacterial properties, this product is also highly resistant to corrosion and staining, making it a durable and long-lasting choice for a variety of applications.

We offer a range of technical support and services to help ensure that our Stainless Steel Antibacterial product meets your specific needs. Our team of experts is available to provide guidance on product selection, installation, and maintenance, and can assist with troubleshooting any issues that may arise. We also offer training and education programs to help ensure that your staff is able to properly use and care for our products.

Whether you are looking to protect your facility against the spread of harmful bacteria or simply need a high-quality, durable solution for

your stainless steel needs, our Stainless Steel Antibacterial product is the ideal choice. Contact us today to learn more about how we can help you achieve your goals.
